The Kitchen

With pleasure, I will explain to you more about the origin and details of our products. We prepare first class, naturally produced food products, if possible from Switzerland. We cherish an open and honest relationship with our suppliers and are always looking for new special products. Whenever possible, we put emphasis on local suppliers, who produce their own products whom we know on a personal level.

Poultry and Eggs

In our kitchen we work with mostly Swiss poultry. In addition, we use free range chicken eggs from the Stockengut farm run by the Vetsch family from Kilchberg.

Vegan

All the marked dishes are made from plant-based products.

Allergy Table

If you need more information about allergies or intolerances, please ask our staff.
